Government POC: E. CHARLES EZUMA-NGWU, Ph.D., MBA | FIN 80-0104301 DUNS 143406150 | PSC Code: A, R

Core Competences

EZ Consulting Group, LLC, led by an award-winning and top-performing Financial and Budget Analysis Leader with a proven 20+ year track record of dramatically increasing the integrity and utility of financial data used in the enterprise business decision process. Published Research Work: Universal Healthcare and Access to Lower-Income Population: An Exploration of Capitation in Lagos, Nigeria

We have individually demonstrated effectiveness in research, planning, forecasting, and variance analysis to reduce operational risk in corporate, non-profit, State, and Federal Government areas. Among many recent accomplishments during owner's career, he administered a budget of over \$4.7B at SAMHSA (2012 - 2018), an operating division of the U.S. DHHS, and successfully planned and executed yearly budgets for the Division Directors at Center for Substance Abuse Treatment. Achieved recognition for serving as SAMHSA point of contact for the PEPFAR programs and the technical expert with partner HHS, State Department, and the CDC in support of all logistical and professional needs of country staff worldwide. His financial and budget oversight responsibilities at NIH (2009-2012) have included a \$364M budget and other financial transactions for six major NIAID Laboratories in the US, Africa, and Asia. We also provide doctoral level research and development in healthcare.
